OF NORTHERN GROWN
**Seeds,
Bulbs,
Plants,
Shrubs
and Vines.**

OFFICE:

W. H. KOERNER,

1175 Kinnickinnic Ave., Milwaukee, Wis., U. S. A.

Are you a FLORIST? Send for my WHOLESALE Price List
of Flower Seeds.

Are you a GARDENER? Send for my WHOLESALE Price List
of Vegetable Seeds.

READ THIS PAGE.

I HAVE NORTHERN GROWN SEEDS, THEY NEVER FAIL.

I GUARANTEE that all seeds sold by me are FIRST CLASS, TRUE and PURE, and of strong, germinating power.

THEY ALL GROW.

I ALSO TEST ALL SEEDS, both as to vitality and purity, hence I know positively that my seeds are surpassed by none for high quality. From good seeds only can good crops be grown, let nothing induce you to plant any other. I always give FULL VALUE in first-class unadulterated seeds, and a seedsman of good standing cannot afford to sell tested seeds of equal quality for less money.

MY CATALOGUE may appear not quite so attractive as such with more alluring and elaborate illustrations that are often overdone.

I GUARANTEE that all seeds and other goods SHALL REACH THE PURCHASER SAFELY and in good condition. I am also responsible for the safe receipt of all money, if sent as directed below. Thus customers in the most distant states and territories, can obtain their supplies as safely and have their orders as faithfully executed as if they could call in person at my place.

NO ORDER IS TOO SMALL. I fill an order for 25 cents just as careful as an order for \$25.00.

HOW TO ORDER. Please be very careful to always sign YOUR NAME, POST-OFFICE, COUNTY AND STATE ON EACH AND EVERY letter sent to us. Cash should always accompany the order. Money can be sent safely either by post-office order, bank draft, express, or cash by registered letter. I ACCEPT POSTAGE STAMPS THE SAME AS CASH. On orders under \$1.00 every postmaster is obliged by law to register a letter on payment of 8 cents in addition to postage, and then you will receive our receipt for letter by return mail. I am responsible for the safe receipt of all remittances by any of the above methods. The efficiency of the Post-Office Department is such, however, that rarely a letter or package is stolen. PLEASE WRITE EACH ITEM OF YOUR ORDER ON A SEPARATE LINE, and carry out the prices. Also please KEEP A COPY OF YOUR ORDER, with which to "check off" the goods when received to be sure that you have received all that you ordered. I seldom make mistakes, but when I do, I want to be notified immediately, so that they can be corrected. KINDLY WRITE QUESTIONS REQUIRING ANSWERS SEPARATELY FROM THE ORDER.

WHEN WRITING OUT AN ORDER, you may just as well order by number instead carrying out the full name and you will be less liable of mistakes. Every order is carefully filled and as a rule forwarded within one day after it reaches my office. I take pride in promptness.

I DO NOT GIVE PREMIUMS, but give you your money's worth of seeds—my package contains a liberal amount of seeds for the money.

FREE! All Seeds, Bulbs and Plants in this catalogue are sent FREE to any part of the United States, except Potatoes and Field Seeds.

FREE PACKING AND SHIPPING. I make no charges for packing boxes or barrels, or for carting to express or freight stations. Two bushel bags are charged 15 cents, which is cost.

TERMS: Strictly Cash with Order.

As my prices are based on small profits I cannot afford to give time.

PRICES on all seeds subject to change without notice according to market prices.

"MISTAKES (as defined by Webster) ARE ERRORS OF JUDGMENT."

Do You Not Make A MISTAKE In Purchasing CHEAP SEEDS?—for such cannot be good.

IT IS NOT HOW MUCH YOU PAY FOR SEEDS, BUT WHAT KIND OF RETURNS WILL THEY GIVE.

ONE DOLLAR invested in RELIABLE SEEDS may bring a return of ONE HUNDRED DOLLARS, but on the other hand, cheap seeds, may bring a loss of One Hundred dollars in waste of time, labor, manure, rent, and failure to obtain a crop

GOOD LUCK SEED COLLECTION.

36 Packets of Choice Vegetables for \$1.00.

One Packet each of the following Seeds.

Golden Wax Bean.	Muskmelon Early Hackensack.

No. 17

No. 4 Currie's Rust-proof Golden Wax

No. 24. Hollander.

No. 34. Chantenay, half-long,

Read This, Mr. Florist!

I want you as my customer and show you the good of my seed.

To do this I am giving you a special inducement for this year. I will furnish all seeds in packages at half price, post paid, not including collections. If you desire Flower Seeds by the ounce, 1/2 oz or 1/4 oz. I will give you special low rates. All plants that are priced by the piece in the catalogue we will send by express at 33 1/2 per cent. discount. That is \$1.50 worth of plants for \$1.00, etc. No orders will be filled for less than \$1.00 on these prices.

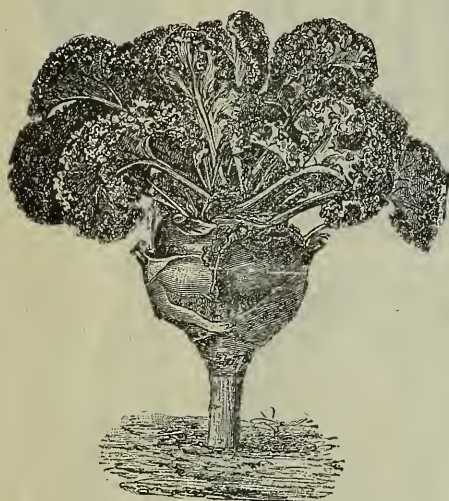

Hoping that you will favor me with an order, I remain,

Yours Respectfully,

H. W. KOERNER.

A BIG DRIVE IN FLOWER SEEDS.

Don't pay fancy prices for seeds when you can get good stock cheap. My packages contain more seeds than any other seed house, so try me and see for yourselves, see the amount of seeds each package contains.

An abbreviation of the letters that are attached to each kind of Flower Seed.

A stands for annuals that grow, bloom and die the first year from seed.

B for bi-annuals that bloom the second year from seed and then die, although many if sown early in the spring will flower the first year.

P for perennials that usually bloom the second year for from seed, and continue to grow and bloom for many years, some will also bloom the first year if sown early.

H for they that are hardy, these will live over winter with protection.

H H is half hardy.

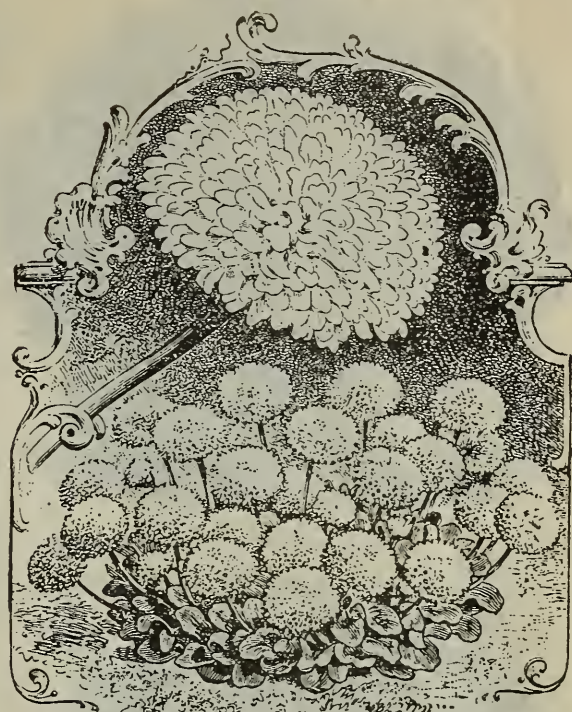

T is tender.

For example: **H A** is hardy annuals, and **H P** is hardy perennials, etc. All such seeds marked hardy may be sown very early in the spring; half hardy and tender should not be sown until all danger of frost is over, unless you start them in conservatories, hot beds or in the house.
